Working Experience

Strategy Associate | Packeta Group (Zásilkovna)

2021 - present

Member of the financial team (partially also IT). The main responsibility is to deliver comprehensive business and financial information to management, investors and other key stakeholders so that the financial life cycle of a company could be well managed. Other activities include:

- Developing and implementing guidelines for strategic price management
- Supporting development of group's growth strategy and identifying new growth opportunities
- Creating and consolidation budget activities
- Providing various ad hoc analyses and simulations

Mostly used technologies/tools:

- Data mining (SQL, MariaDB, MS SQL Server, MS Access)
- Data transformation and modelling (Excel, Power Query, Power Pivot, Dataflows, Python, Databricks)
- Data reporting (Power BI, Clevermaps)
- Data consolidation and analysis (creating budgeting templates, ad-hoc analysis, etc.)
- Automation (VBA)

Financial Business Partner | Vodafone

2018 - 2021

Finance business partner for the System Development department. Day to day agenda was to provide support, analysis, and assistance in decision making processes. Essential competences were also budget planning activities, creating business cases, and reconciling CAPEX and OPEX results. I led several saving initiatives and projects, and, at the beginning of 2020, I was nominated to VF talent program (VF stars).
