About Me

I consider myself a life enthusiast and a lifetime learner. I studied economics but my career is increasingly being shifted towards IT, automation, web development and data analysis. I love to be on track with modern technologies and learning how to automate stuff that can be automated. My hobbies are sport, nature, books, family and personal development.

Working Experience

Financial Business Intelligence Analyst, Prague – **Packeta Group**
(2021 - present)

Data governance, Power BI reporting, automation, budgeting, ad-hoc financial analysis.

Finance Business Partner, Prague - **Vodafone CZ**
(2018 - 2021)

Finance business partner for the System Development department. Day to day agenda was to provide support, analysis and assistance in decision making processes. Essential competences were also budget planning activities, creating business cases and reconciling CAPEX and OPEX results. I led several saving initiatives and projects, and, in the beginning of 2020, I was nominated to VF talent programme (VF stars).

Portfolio Analyst, Prague – **Alpiq Energy**
(2016 - 2017)

Data processing and modeling, continuous checking data system integrity, reporting (M2M results, positions, etc.).

Financial Markets Specialist, Prague – **Česká spořitelna**
(2015 - 2016)

Monitoring activities of investment funds, net asset value calculation, investment limits controlling, etc.
